SPECIAL FEATURES

snackwich® Quattro is ideal!

Prepare up to four sumptuous warm snacks in just 2 minutes. Using 2 slices of toast or sandwich bread (2 sizes possible), which can be lavishly filled. With a sweet or savoury filling of your choice and liking, your snack is prepared.

The specially shaped plates made of heavy-duty cast iron, not coated of course, enable you to serve up to 4 pyramid shaped snack variations, toasted and sealed once around completely, on both sides with a hot filling. A special feature of this fun food snack is the sealed edge which guarantees a delightful and easy to eat snack – food experience.

There are no limits to your imagination when it comes down to fillings for this Snack food.
